OBJECTIVE

Computer Science Engineering student with hands-on experience in web development, Python, JavaScript, and AI-based applications. Seeking an entry-level Software Developer role to apply my technical skills, build innovative solutions, and contribute to organizational growth while continuously learning new technologies.

SKILLS

Technical Skills

- Languages: C, Python
- Frontend: HTML5, CSS3, JavaScript
- Backend: Node.js, Flask, REST APIs
- Databases: MySQL, SQL
- Tools: Git, GitHub, VS Code
- Core CS: OOPS, DBMS, CN

Non-Technical Skills

- Communication & Presentation
- Problem Solving & Critical Thinking
- Team Collaboration
- Time Management & Adaptability
- Leadership Skills
- Analytical Thinking

EXPERIENCE

Generative AI Intern <i>CSI (Computer Society of India)</i>	May 2026 – June 2026
• Learned Generative AI concepts, AI tools, and practical AI applications. • Worked on prompt engineering techniques and explored Large Language Models (LLMs). • Gained hands-on knowledge in developing AI-based solutions and automation workflows.	
Python Programming Intern <i>Oasis Infobyte</i>	May 2026 – June 2026
• Developed programming skills through hands-on Python projects and practical coding tasks. • Worked on Python concepts including functions, data structures, file handling, and problem-solving techniques. • Built and tested Python-based applications while improving debugging and logical thinking skills.	

EDUCATION

Vignan Institute of Technology and Science <i>Bachelor of Technology in Computer Science and Engineering - CGPA: 7.7</i>	Hyderabad, Telangana 2023 – 2027
Narayana Junior College <i>Intermediate (MPC) - 92%</i>	Telangana 2021 – 2023

PROJECTS

AI Email Writer	<i>Flask, JavaScript, AI API, HTML, CSS</i>
• Developed an AI-powered email writing application that generates professional emails. • Integrated AI features for improving email creation and communication productivity.	
Personal Finance Tracker	<i>Flask, JavaScript, HTML, CSS</i>
• Built a web application to track income, expenses, and savings goals. • Implemented interactive UI features for better financial management.	
Portfolio Website	<i>HTML, CSS, JavaScript</i>
• Created a responsive portfolio website to showcase skills, projects, and achievements.	

CERTIFICATION

- Web Development Internship - Codsoft
- Programming Essentials in C - Cisco
- Front End Development - Infosys Springboard
- MS Excel - Microsoft
- Python and MySQL - Great Learning
- Prompt Engineering - Cognitive Class
- Advanced Python - Simplilearn
- Design Fundamentals with AI - Adobe

EXTRA CURRICULARS

- Active Member, Computer Society of India (CSI), Vignan Institute of Technology and Science.
- Attended workshops and training sessions on Generative AI, Python programming, web development, and emerging technologies.
